

## ***Interactive comment on* “Technical note: TRACKFlow, a new versatile microscope system for fission track analysis” by Gerben Van Ranst et al.**

**Pieter Vermeesch (Editor)**

p.vermeesch@ucl.ac.uk

Received and published: 25 October 2019

The authors declare the following potential conflicts of interest:

- TRACKFlow is licensed from Ghent University to Nikon as a commercial product.
- Philippe Baert and Ana Clara Fernandes are employed at Nikon.

Note that all funding for this work was obtained from the Ghent University Special Research Fund.
